

Flexible Spending Account

A healthcare FSA lets you use tax-free money to pay for eligible medical, dental, and vision expenses. So you spend less on the healthcare you need. FSA paycheck deductions are tax-free too, which helps reduce your taxable income. The more you contribute, the more you save.

- ✓ Access annual contribution amount on day one.
- ✓ Pay for your spouse and dependents too.
- ✓ Plan ahead because FSA funds eventually expire.

Less tax. More paycheck.

Get \$20 tax savings for every \$100 you contribute.
