

RIDESHARING POINT SYSTEM INCENTIVES

THE BASICS

HOW CAN I PARTICIPATE IN THE INCENTIVE PROGRAM?

Participation is voluntary. If you use an alternative method of commuting to work, you can accumulate points towards cash and gift incentives.

HOW OFTEN DO I HAVE TO USE AN ALTERNATIVE METHOD OF COMMUTING BEFORE I RECEIVE AN INCENTIVE?

Each alternative method has different trip targets and point values. Basically, the more trips you take in one month the higher the points you can earn. Also, you will receive higher points for commuting methods that are non-polluting such as walking, biking, etc. The point values and trip targets are outlined below.

DO I HAVE TO SPEND MY POINTS AS I ACCRUE THEM?

You can accumulate points to be used for a larger cash pay out or a more deluxe gift catalog choice. The program's duration is one calendar year and you cannot carry points forward from year to year. All points must be cashed in before November 30th of each year.

WHO DO I NOTIFY WHEN I RIDESHARE?

You must complete a "Monthly Rideshare Reimbursement Form" and return it to our employee transportation coordinator at the end of each month.

POINT VALUES

*A trip is defined as a round-trip commute to and from the designated work site.

POINT CALCULATION EXAMPLE:
